ALPINE

Specialising in hybrid campers, ALPINE masterfully combines lightweight composite construction, high-capacity off-grid systems, and the perfect balance of internal comfort with expansive external living areas. Whether it's a weekend getaway or a cross-country expedition, ALPINE Campers are designed to help you embrace the freedom of adventure without compromising on quality or comfort.

OUR CAMPERS

For over three decades, **ALPINE** has been helping Australians discover the thrill of adventure. With a commitment to quality craftsmanship, innovative features, and customer satisfaction, Alpine is your trusted partner in creating unforgettable memories. Whether it's off-grid escapes or long-term travel, Alpine offers the perfect camper to take you there.

CUSTOMER-CENTRIC EXCELLENCE

At Alpine, we recognise that your journey begins when you collect your new van and that's why our customer-first approach ensures ongoing support through a growing nationwide service network. From maintenance to repairs, our team is dedicated to keeping you on the road with peace of mind. Prospective buyers are invited to book a personalised showroom visit to explore the full range of campers and experience the Alpine difference firsthand.

ALPINE CX

The **ALPINE CX** range offers the perfect balance of affordability and adventure. Built tough with lightweight composite construction, high-capacity off-grid power, and essential comforts to give you a perfect balance of functional and affordable luxury.
