# ALPINE

Specialising in hybrid campers, ALPINE masterfully combines lightweight composite construction, high-capacity off-grid systems, and the perfect balance of internal comfort with expansive external living areas. Whether it's a weekend getaway or a cross-country expedition, ALPINE Campers are designed to help you embrace the freedom of adventure without compromising on quality or comfort.

## OUR CAMPERS

For over three decades, **ALPINE** has been helping Australians discover the thrill of adventure. With a commitment to quality craftsmanship, innovative features, and customer satisfaction, Alpine is your trusted partner in creating unforgettable memories. Whether it's off-grid escapes or long-term travel, Alpine offers the perfect camper to take you there.

## CUSTOMER-CENTRIC EXCELLENCE

At Alpine, we recognise that your journey begins when you collect your new van and that's why our customer-first approach ensures ongoing support through a growing nationwide service network. From maintenance to repairs, our team is dedicated to keeping you on the road with peace of mind. Prospective buyers are invited to book a personalised showroom visit to explore the full range of campers and experience the Alpine difference firsthand.

LIGHT, STRONG, & LUXURY

## THE EVOLUTION IN AUSTRALIAN HYBRIDS & CARAVANS HAS ARRIVED.

18.6 DUAL AXLE RANGE

**18.6**  
EVOLUTION

**18.6**  
EXPLOR

**18.6**  
ELEVATE

**18.6**  
EVOLUTION

The **18.6 EVOLUTION** is Alpine's ultimate full-size off-road caravan, combining composite construction with a premium off-grid setup. Featuring a full hybrid external kitchen, spacious interior, it's built for adventurers who want luxury without limits. Designed for extended off-grid travel.

**18.6**  
EXPLOR

The **18.6 EXPLOR** combines full-height comfort with rugged durability, spacious living, premium features, and dual axle stability for off-grid adventures, all in a narrower width for better access on tough tracks. Perfect for couples or families exploring Australia's remote landscapes in style.

**18.6**  
ELEVATE

The **18.6 ELEVATE Hybrid**, with its narrower width and dual axle, combines off-road durability with spacious, luxurious comfort for seamless off-grid adventures, offering easy towing, stability, and an electric pop-top roof for compact travel. Suits couples or family layouts to suit your needs.

**Composite Structural Construction** for the walls and floor, offering strength and superior insulation.

**1000W Onboard Solar** to harness the sun's energy wherever you are.

**600AH Lithium Batteries, Redarc ALPHA 100A 240V & DC/DC Charger, Redarc 3000W Inverter, Redvision Monitor with Rogue Switching** to manage your power needs seamlessly.

**Choice of Café Seating or L-Shape Lounge** to match your personal style and comfort preferences. Bunks layout available.

**Full Ensuite:** A separate shower and toilet for that home-away-from-home feel.

**Alpine's Famous External Swing-Around Kitchen** for unbeatable outdoor cooking.

**95L External Fridge Slide.**

**Dual Cruisemaster ATX Airbag Suspension** for smooth and ultra-stable towing.

**Australian BHP Steel Chassis** (150 x 50 x 4mm) for robust durability.
