

FDX 18.6

Adventure Upgraded. Built for the long road, with luxury built in.

Three Layouts. One Purpose: Ultimate Freedom.

Built for Australian Adventures. The ALPINE 18.6 Dual Axle range is purpose-built for extended Australian touring — from the rugged inland tracks to the far reaches of the coastline. With advanced dual axle stability, lightweight composite construction, and serious off-grid power, these vans are made to go further, stay longer, and explore in total comfort.

Whether you're travelling solo, as a couple, or with the whole family, the **ELEVATE**, **EXPLOR**, and **EVOLUTION** deliver a new standard in adventure-ready living.

Choose Your Adventure

Whether you're touring long distances, setting up base for extended stays, or travelling as a family, the ALPINE 18.6 range offers a layout to match your lifestyle. Choose from our elevated **Hybrid Pop-Top**, **Full-Height Hybrid**, or **Full-Size Caravan** - each built for supreme comfort, towing stability, and off-grid independence.
